Thank you for your interest in our volunteer program. There are many ways that you can use your time and talents as a volunteer here at the Stanley Total Living Center. Some volunteers prefer to work with large groups of residents while others prefer to just spend a little one-on-one time with individuals. Whatever your gifts or talents may be, any time you spend with our folks will be very much appreciated. The possibilities are endless! No matter what your interests are, I may can assist you in finding a way to join in our ministry of compassion.

To start the volunteer process you are required to:

- Be at least 18 years of age
- Request a criminal background check from the Gaston County courthouse
- Consent to a TB skin test
- Fill out the volunteer application attached to this letter

After these things are complete, you will be contacted to attend volunteer orientation training. These trainings are only offered once a month and are required before any scheduled volunteering can occur. The training session will last approximately two hours. Please bring your driver's license (or other photo ID) and a black ink pen with you.

If you have any other questions about volunteering, feel free to contact me at the information above. I appreciate your willingness to serve and look forward to working with you. Please note: STLC does not partner with individuals seeking to complete court appointed community service hours.
